Attention is invited the Senior Surgeon's letter of 21-11-1900. The Establishment proposed by him in that letter, which was sanctioned in full by Govt was stated to be for the Hospital when full. That Establishment included only four hospital assistants and the present proposals do not show how that no is now

found inadequate There has been a substantial addition to the expenditure on the Establt of this Hospital since 1900 and proposals for further additions to it, unless absolutely unavoidable cannot be entertained in the present state of the finances. It is not quite clear from the Medical Officer's letter if two more Hospital Assistants are quite necessary

These are for the new wards for the admission of paying patients and the proposals in regard to the opening of these wards have been discussed in another case in which the opinion of the Finl Branch has been recorded.

A Ration allowance of Rs 20 per mensem in addition to the pay of Rs 15 each per month was recommended to the Probationary nurses on the ground that probationers entertained in Similar Hospitals Such as General Hospl Madras and Lady Curzon Hospl, Bang. &c are paid Rs 15 (pay) + Rs 20 (Ration allowance) Please See Enc: to Senior Surgeon's letter no 2948 dated 13.10.06 in med file no 136-06.

On Subsequent correspondence on this Subject it was directed by G.O.C. that Indian women Should be trained as nurses and that a Salary of Rs 15 (pay) + Rs 8 (ration allowance) + Rs 2 (clothing allowance) be paid to each of them Vide G.O no: 3986-7 med 136-06-6 dated 2.11.07.

12. The Senior Surgeon has recently recommended Sanction to the expenditure incurred by the Medl officer in charge of the Victoria Hospl on account of advertisements published in the papers calling for applications from nurses to fill up Vacancies in the nursing Staff of the Vict. Hospl. It is not known whether the post of native nurse is also Vacant. The reason why ration allowance was not recommended for her file now appears to be either that Qualified nurses have not applied for the post, if Vacant, or that the nurse now employed

has claimed the allowce similar to that granted to the probationary nurses under G.O. of 2.11.06. If more definite information is required a reference will have to be made to the Senior Surgeon.

13 In regard to the other point referred to in the Jail Asst Surgeon's note viz whether a Hospl Assh cannot be spared from the total Staff of Hospl Assts to do the duties of Attender, it is submitted that the Senior Surgeon has been of late bringing to notice of Govt that the sanctd strength of Hospl Assts is inadequate to meet the needs of the Depts. He has been on this account refusing extensions of leave to permanent incumbents; he has also in anticipation of sanction of Govt entertained 4 1st Class Hospl Assts temporarily for 6 months (explanation as to the authority under which he did this has been called for) and 3 of them he has deputed for duty in the Victoria Hospl. In these circumstances it seems that the Senior Surgeon can ill afford to spare an extra Hospl Assh from the sanctd Staff.

14. There is no information available in the Branch as to whether the two out-patient Attendants on Rs 4 each for whom increase of pay is recommended are whole-time servants or not. Presumably they are whole-time servants of the Hospl

The only proposals that may be regarded as quite pressing are those in regard to the payment of a ration allce of Rs 10 to the Native nurse & the raising of the pay of Out patient attendants. The other nurses are given ration allowances & the Native nurse deputed by the Senior Surgeon may be also be given an allce of Rs 10. If the attendants are whole time servants their pay may be raised from Rs 4 to Rs 7; otherwise there is no need for raising their pay.

The question of the new wards for the new wards is I understand being dealt with separately. JJR 25/3/09

16. The other items of expenditure perhaps may be very useful but it seems we are not in a position to find money for all useful expenditure. The expenditure on the Victoria Hospital Staff has largely been increased & a specialist on Rs 400-25-500 was also given some time back. Further additions unless absolutely unavoidable can not be accepted financially & the

additions referred do not appear to be unavoidable, Considering the fact that the Administration has been able to manage hitherto without such additions. While there is no prospect of any increase in the normal revenue of the State on the whole, & the existing revenue is wholly absorbed in meeting expenditure already sanctioned, proposals for additional expenditure are being constantly recd. and are impossible to accept them -

Genl Secy 24-3-9

17. I quite agree - The S. S's proposals will no doubt tend to better efficiency but we cannot afford to increase our recurring expenditure any more till the revenues improve - The absolutely necessary items referred to in the above note have I am afraid, to be sanctioned

It is proposed to sanction the opening of the special pay wards for European and native officers tentatively up to the end of the offl year 1909-10. Draft to this effect has been libtd to the 2d Councillor with the file on the subject. In the draft order, the Senior Surgeon has been authorized to entertain temporarily 4 ward attendants on Rs 8 each per mensem. The provision for this establt has necessarily to be included in the next year's budget for 1909-10, if the wards are to be kept open up to end of that year. The establt of 2 tonics on Rs 8 each is also represented to be very necessary for the additional special wards and the Medl officer in charge of the Victoria Hospl has reported that he can manage the special wards without the 2 tonics only during the current offl year. In these circumstances, it is a point for consideration whether the establt of 4 ward attendants & 2 tonics also @ Rs 8 each may not be sanctd up to end of 1909-10 and the Senior Surgeon authorized to include in the next year's budget the necessary provn for the same in addition to that for the items proposed by the Jail Secy to be admitted.

SUBJECT.

Requesting sanction of Govt. to an additional Establishment, at a Cost of Rs: 188/- per mem. Rem. to the Victoria Hospl, Bangalore

Letter No.1122 dated 18-2-1909 from the Medical Officer Victoria Hospital, Bangalore, to the Senior Surgeon Mg.

Senior Surgeons Remarks-

In submitting the budget estimates of this Hospital for the year 1909-10, I have the honor to state that an extra establishment amounting to Rs.2784/- as detailed below is proposed therein and to request that the sanction of Government may be obtained for its incorporation in the grants to be sanctioned for the year 1909-10.

Medical Subordinate Staff.

Necessary.

2 3rd Class Hospital Assistants on Rs.25/- each with a local allowance of Rs.10/- each are recommended to be posted on the permanent strength of this Hospital as the present four permanent Hospital Assistants were sanctioned when the Hospital was opened in the year 1900.

The changes in the d.d. Hospital Assistants are so constant that they are not kept in the Hospital continually for a month at least, without being disturbed, and it often occurs that the only 4 permanent Hospital Assistants are left to do the whole Hospital work, which I need not say, interferes much with the efficient working of the Hospital. I also invite your kind attention to my proposals submitted in this office No.114 dated 28/29-7-1907.

For European and Native Officers' special wards newly constructed.

One Ward Boy & one by night enough.

8 ward attendants at Rs.8 each - Rs. 768.

4 Toties at Rs.8 each Rs. 384.

For Nurses quarters.

Not necessary

1 Cook's maty at Rs. 8 each Rs. 96.

1 Waterwoman at Rs. 5 each Rs. 60.

The present Maty and waterwoman were sanctioned when the staff of Nurses consisted of only 4, whereas the present strength is 10, and therefore one Maty and 1 Water woman are not sufficient to cope with the amount of work they have to perform.

Native

3

Native Nurse.

Ration allowance to Native Nurse attached to this Hospital at Rs.10 per mensem is recommended as the duties and responsibilities of this Nurse are almost the same as those of European and Eurasian Nurses attached to this Institution and these draw a ration allowance of Rs.20/- each per mensem. The native nurse now draws a pay of Rs.17/- per mensem, holding a graded appointment Rs.15-1-20. The Native Nurse probationers attached to this Hospital are also given a ration allowance of Rs. 8/- per mensem and I therefore think it will be only fair to give the Native Nurse a ration allowance of Rs.10/- per mensem.

Yes.

For Operation Theatre.

An Attender on Rs. 20 per mensem to be in charge of the instruments and apparatus of the Operation Theatre.

Same man on Rs. 20 for both purposes.

For X-Ray Room.

An Attender on Rs. 15/- per mensem to be in charg of the X-ray apparatus and to help in taking X-ray photos &c.,

For Out-patient Departments.

The pay of the two out-patient attendants on Rs 4/- each to be raised to Rs.8/- as it is difficult to secure servants for this low pay of Rs. Rs.4/-.

Yes.
